PROPOSAL REFERENCE: 5620200/RFP/QCBS/09/17

SI	Ref	Question	Answer
1	Form TECH-2A	<p>Financial Capacity of the Consultant requires that financial data be submitted for the Consultant and all named Associates. Section I, A. General (b) states that a Sub-Consultant is not an Associate.</p> <p>From the pre-bidders conference held on 10/17, we understood that the financial statements for the Consultant, JV members, and Sub-Consultants should be included in the Proposal.</p> <p>Please confirm we are not required to provide financial data for Sub-Consultants, and only the financial capability of the Consultant will be evaluated.</p>	<p>If the Lead consultant is employing sub-consultants then financial statements are not required.</p> <p>The comment in the pre-Proposal Meeting was that MiDA would not know the arrangements being made with respect to the other firm(s) engaged; Joint Venture, Association or sub-Consultant. The advice was that <u>if the Bidder was in any doubt whether they were compliant with the requirements of the RFP</u> it would be better to provide financial statements and all other required documentation in response to the TECH forms for all the firms involved.</p>
